Current Employment

2016 - present Independent Social Work Practitioner/ Trainer

Therapeutic parenting support for children, families and carers- individual or group work. Individual therapeutic modalities with children, families and carers. Provision of the Just Right State Programme/ SAI informed programmes. Narrative Model Training. Multidisciplinary assessments.

**2011 - present Team Manager/ Therapeutic Social Work Clinician
Therapeutic Team for Looked After and Adopted
Children (TT-LAAC), Northern Health and Social Care
Trust**

As Team Manager I manage the referrals received to service to ensure the most appropriate therapeutic pathway for children and their families in foster care, residential and post adoption. I also have a clinical caseload. This is a multidisciplinary team consisting of Psychology and Social Work. I hold the supervisory role for the 4 Senior Practitioner Social Workers within the team. Achievements in this role to date have included the development of the Narrative Model for communicating within families about the tough stuff and cascading this regionally as well as promoting and developing Sensory Attachment Intervention within the Trust.
